

Driven Beyond Perfection

CONVERTIBLE TOP SEAL KIT INSTALLATION GUIDE

APPLICATION: 1964-1968 Convertible

Thank you for purchasing another quality Scott Drake reproduction part. Please refer to the installation instructions below when installing this part.

TOOLS REQUIRED:

- Phillips screwdriver
- 1/4" Nut Driver
- 1/4" drive ratchet
- 1/2" deep socket wrench

PREPARATION:

In order to install the new top seal, the old seal must first be removed. Lower the convertible top to gain access to, and remove the screws on the metal strip, along the underside of the top's front bow. The header seal can then be freed by removing the nuts at the corners and the 3 along the front side-rails. The metal strip is then separated from the seal for re-use. Next, raise the convertible top halfway to gain access to the rear side-rail's nuts. Remove the nuts and screws to free the side-rails from the top. (Figure 1)

INSTALLATION INSTRUCTIONS:

Step 1: INSTALLING THE NEW TOP SEAL

With the old top seal removed, installation is simply the reverse of the above process. Align the seal with the holes for the screws. Use the drive ratchet and deep socket to tighten screws along the rear siderail. (Figure 2) Continue tightening screws along front siderails and up to header. (Figure 3)

Step 2: CHECKING FOR A GOOD SEAL

After the top seal is installed, lower convertible top again to check for a good, water-proof seal. We suggest mounting the seals with the nuts snug, not tight. This will allow you to raise the convertible top and position the side-rails firmly against the windows.

SATISFACTION GUARANTEE:

If you are not happy with this product for any reason or found product to be defective in manufacturing, simply return it to Scott Drake Enterprises, Inc. within 30 days of purchase and we will replace it - no questions asked. We stand behind our products one hundred percent, so you can sit behind the wheel with pride.

** Please call Scott Drake Customer Service for a Return Authorization (RA) before returning any product. Proof of purchase and dated receipt must be present with any return. All returned products are tested and if found to be damaged by the installer, no replacement will be issued. You pay the cost to ship to us, we pay for the return shipping. Guarantee does not include any labor and/or tax charges incurred.*
